

SP-SR1

Surround

COMPACT DIMENSIONS

The SP-SR1 was developed for 5.1/7.1 surround and integrates nicely thanks to its compact form.

EASY MOUNT

Two recessed hangers allow flush and easy mounting on the wall. There's also space for cable loops.

CABLE CUTOUT

The SP-SR1 has a cable cutout on the top for simple setup when forced to change speaker placement.

- **Passive, 2-Way Surround Loudspeaker**
- **Bassreflex**
- **8" + 1" Horndriver**
- **250W/500W (AES/Program)**
- **85 x 55° Dispersion**

DESCRIPTION

The SP-SR1 is a passive 2-way surround loudspeaker for traditional 5.1/7.1 cinema applications. The design excels through an extremely balanced frequency response as well as a fast and simple mounting solution. It's as easy as hanging a picture with two hangers on a wall.

The wiring terminal is hidden and recessed on the rear side of the cabinet. There is also space for the excessive cable. In case the speakers are for retrofitting into existing rooms it boasts an almost invisible cutout on the top of the cabinet so the existing wires can be routed to the perfect position on-wall.

the real
CINEMA SOUND
sensation.

SP-SR1

TECHNICAL SPECIFICATIONS

Frequency Response	75 – 19'000 Hz
Sensitivity (SPL 1W/m)	95 dB
Nominal Impedance	8 Ω
Dispersion (H x V)	85 x 55 °
Power Handling (AES/Program/Peak)	250W / 500W / 1000W
System	Passive, 2-Way, Fullrange, Bassreflex
LF Driver	8"
HF Driver	1" Horn
Terminal	Spring-loaded
Dimensions (B x H x T)	430 x 445 x 265 mm
